

MUSAB IFTIKHAR

Full Stack Developer | Software Engineer | Web Developer

Lahore, Pakistan • +92 325 5442007 • musabiftikhar44@gmail.com • www.webifypro.live

PROFESSIONAL SUMMARY

Full Stack Developer currently building production web applications at Vyntech Solutions using Next.js, React, Node.js, and PostgreSQL. Software Engineering student with hands-on experience shipping responsive, SEO-optimized websites and a working foundation in digital marketing. Fast learner with a strong record of turning academic knowledge into real, deployed projects.

EXPERIENCE

Full Stack Developer — Vyntech Solutions

2025 — Present

- ▶ Built and maintain full-stack web applications end-to-end using Next.js/React on the front end and Node.js with PostgreSQL on the back end.
- ▶ Developed the IMAS Chauffeur website, a booking platform for a professional chauffeur service.
- ▶ Developed the website for SARJ Worldwide, a chauffeur service operating in Canada, covering both front-end UI and back-end functionality.
- ▶ Collaborated across the stack — from database schema and API routes to responsive, production-ready UI.

Web Development & Digital Marketing — Self-Practice & Personal Projects

2023 — Present

- ▶ Developed responsive websites using modern web technologies as part of self-driven learning and academic projects.
- ▶ Created and managed digital marketing campaigns, applying SEO fundamentals and content optimization techniques.
- ▶ Continuously expanding technical skills through online learning, practice projects, and coursework.
